

# DS-2DYH2A0IXS-D(T2) 2 MP Network Stable Positioning System

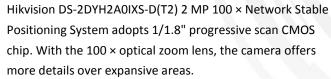

This series of cameras can be widely used for wide ranges of high-definition, such as the rivers, forests, roads, railways, airports, ports, squares, parks, scenic spots, stations and large venues, etc.

- 2 MP, up to 1920 × 1080 resolution
- Focal length: 10 mm to 1000 mm, 100 × optical zoom, 16× digital zoom
- Excellent low-light performance with powered-by-DarkFighter technology
- Up to 3000 m laser distance
- The device adopts the wiper for car, which can effectively work in all weather conditions and easy to change
- Support power-off memory. The device restores to the last position at which it stays for a certain period (configurable) before power-off
- Support optical defog and OIS
- Water and dust resistant (IP66)

#### DORI

The DORI (detect, observe, recognize, identify) distance gives the general idea of the camera ability to distinguish persons or objects within its field of view. It is calculated based on the camera sensor specification and the criteria given by EN 62676-4: 2015.

| DORI            | Detect                  | Observe                | Recognize             | Identify              |

## **Typical Application**

Hikvision products are classified into three levels according to their anti-corrosion performance. Refer to the following description to choose for your using environment.

This model has NO SPECIFIC PROTECTION.

| Level                  | Description   |
|------------------------|---|
| Top-level protection   | Hikvision products at this level are equipped for use in areas where professional anti-corrosion    |
|                        | protection is a must. Typical application scenarios include coastlines, docks, chemical plants, and |
|                        | more.   |
| Moderate protection    | Hikvision products at this level are equipped for use in areas with moderate anti-corrosion         |
|                        | demands. Typical application scenarios include coastal areas about 2 kilometers (1.24 miles) away   |
|                        | from coastlines, as well as areas affected by acid rain.  |
| No specific protection | Hikvision products at this level are equipped for use in areas where no specific anti-corrosion     |
|                        | protection is needed.   |
